STEP INTO THE RHYTHM: INSIDE DRUMS UNLEASHED

WHAT HAPPENS

All participants are given **ethnic drums** — **darbukas**. They learn the basics of playing the instrument and **practice coordination** and rhythm through engaging exercises.

Participants also explore musical communication, **collaborate to solve team tasks**, and choose a leader. And of course, they play various drum grooves, **perform songs**, and even dance a little!

WHO'S INVOLVED

The host **guides the team** throughout the entire event. Explaining the basics of drumming, supporting participants during all exercises and tasks, he **helps the team stay focused** on their goals.

Meanwhile, **professional musicians** create a positive atmosphere, accompany the participants, and play various **popular tunes** together with them.

WHEN TO USE IT

This format is **perfect for any corporate event** — whether it's a conference, workshop, or team celebration. At the beginning of the day, it helps **break the ice** and prepare the team for productive work. In the middle, it offers a mental refresh and **a burst of energy**. At the end, it becomes **the highlight** of a challenging day — something the team will remember for a long time. This event also works great as a **standalone** activity.
